**North Dakota Weather Net 2018 Preamble  
(8:30 AM Net – 3859 Khz)**

This is \_\_\_\_\_ calling the North Dakota Weather and Road Information Net.

**This net meets every day at 8:30am on 3859KHZ. This is an open net and all check-ins are welcome. This is a traffic net and all traffic will be handled as quickly as possible.**

**Any emergencies will be handled immediately and anyone with an emergency should break in at any time or you can call me now**

Do I have anyone with traffic?

Do I have any mobiles or QRP?

I will take a list of short time stations. You will be able to make a short comment.

Short timers with the suffix beginning with A-L?

Short timers, suffix starting M-Z?

**Thank you for your participation, you are excused.**

Do I have any internet remotes?

**Next I'll be taking the roll call, followed by the comments section of the net. On even days I'll start at the beginning of the alphabet, working from A to Z. On the odd numbered days I'll start at Z and work back to A.**
